The sketch shows a mobile app screen for reporting damage. At the top, there is a status bar with a home indicator, signal strength, and the time 14:03. Below the status bar is a header area with three icons: a trash can, a pencil, and a document with a person icon. To the right of these icons is a close button (X). The main content area starts with the title 'Titel Schaden' followed by a count '6' and a thumbs-up icon. Below the title is a form with several fields: 'Kategorie / Schadenstyp' with a dropdown menu showing 'Kategorie'; 'Status' with a dropdown menu showing 'Offen'; a large image placeholder with a diagonal cross and the word 'Image' in the center, flanked by left and right arrow icons; 'Standort' with a text input field containing 'Strasse 5, 3007 Bern'; and 'Beschreibung' with a larger text input field containing 'Beschreibung'. At the bottom of the screen is another home indicator.

A hand-drawn mobile app mockup for reporting damage. The screen is framed by a rounded rectangle with a status bar at the top and a home indicator at the bottom. The status bar shows a Wi-Fi icon, signal strength bars, a battery icon, and the time 14:03. The app interface includes a close button (X) in the top right corner. The main title is "Titel Schaden" in a large, bold font. To the right of the title is a count "6" and a thumbs-up icon. Below the title is a label "Kategorie / Schadenstyp" followed by a text input field containing the word "Kategorie". Below this is a label "Status" followed by a text input field containing the word "Offen". In the center is a large rectangular area with a diagonal cross and the word "Image" in the middle, flanked by left and right arrow icons. Below this is a label "Standort" followed by a text input field containing "Strasse 5, 3007 Bern". At the bottom is a label "Beschreibung" followed by a large text input field containing the word "Beschreibung".
